*Student's Social Security Number*

I have applied for a PLUS loan. If my application is approved, I understand that my lender will transmit my loan electronically to Cal Poly, in compliance with the disbursement dates and amounts specified on my student's financial aid award. My student's Cal Poly account will reflect a credit each time a transfer of loan proceeds is made to the University, providing my student meets all criteria for receiving the funds. Should any of my PLUS loan disbursements not be fully absorbed by my student's charges in the term for which the loan disbursement is intended, **I want the Student Accounts Office to issue the remainder to my student, rather than to me.**
